

LEED Credentialing in Canada

Steve Dulmage, Director Education &
Training
May 21st, ,Halifax

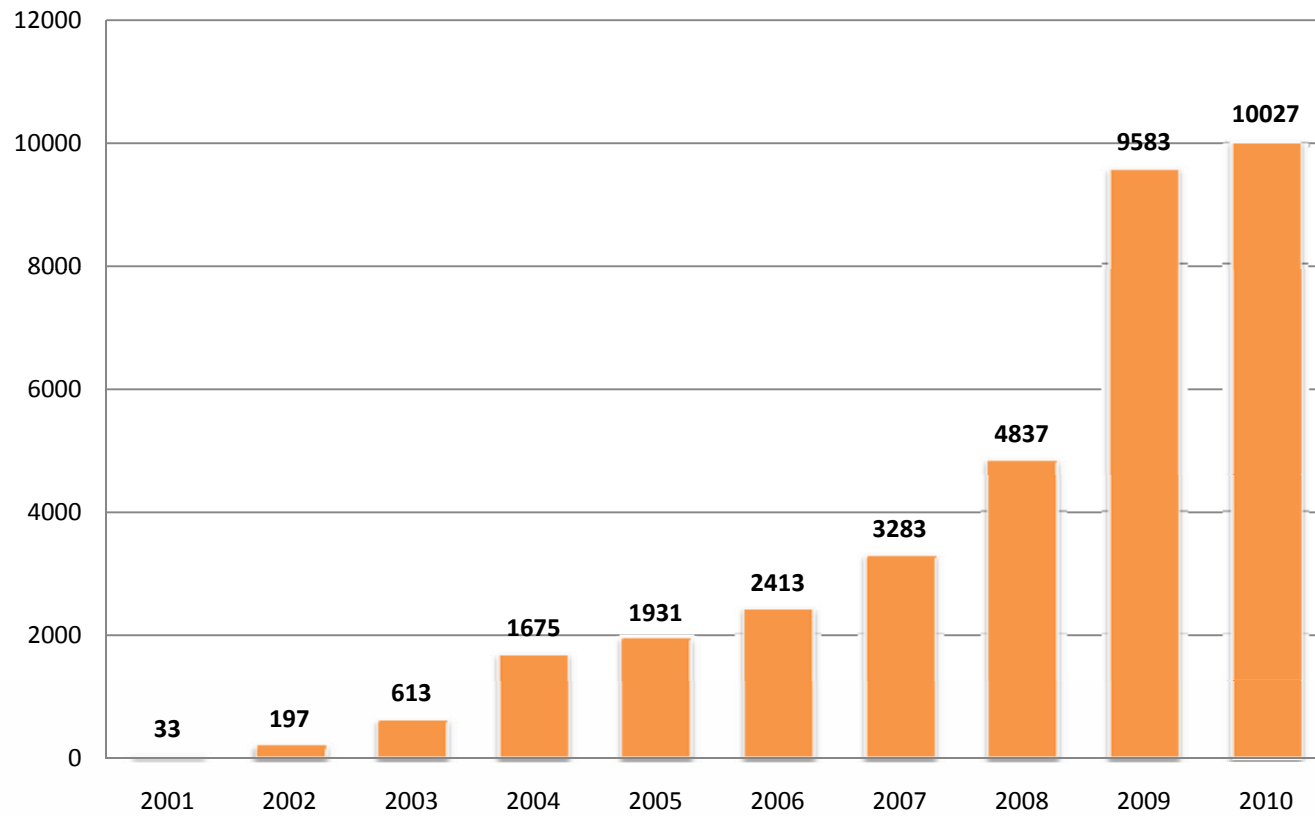

Objectives

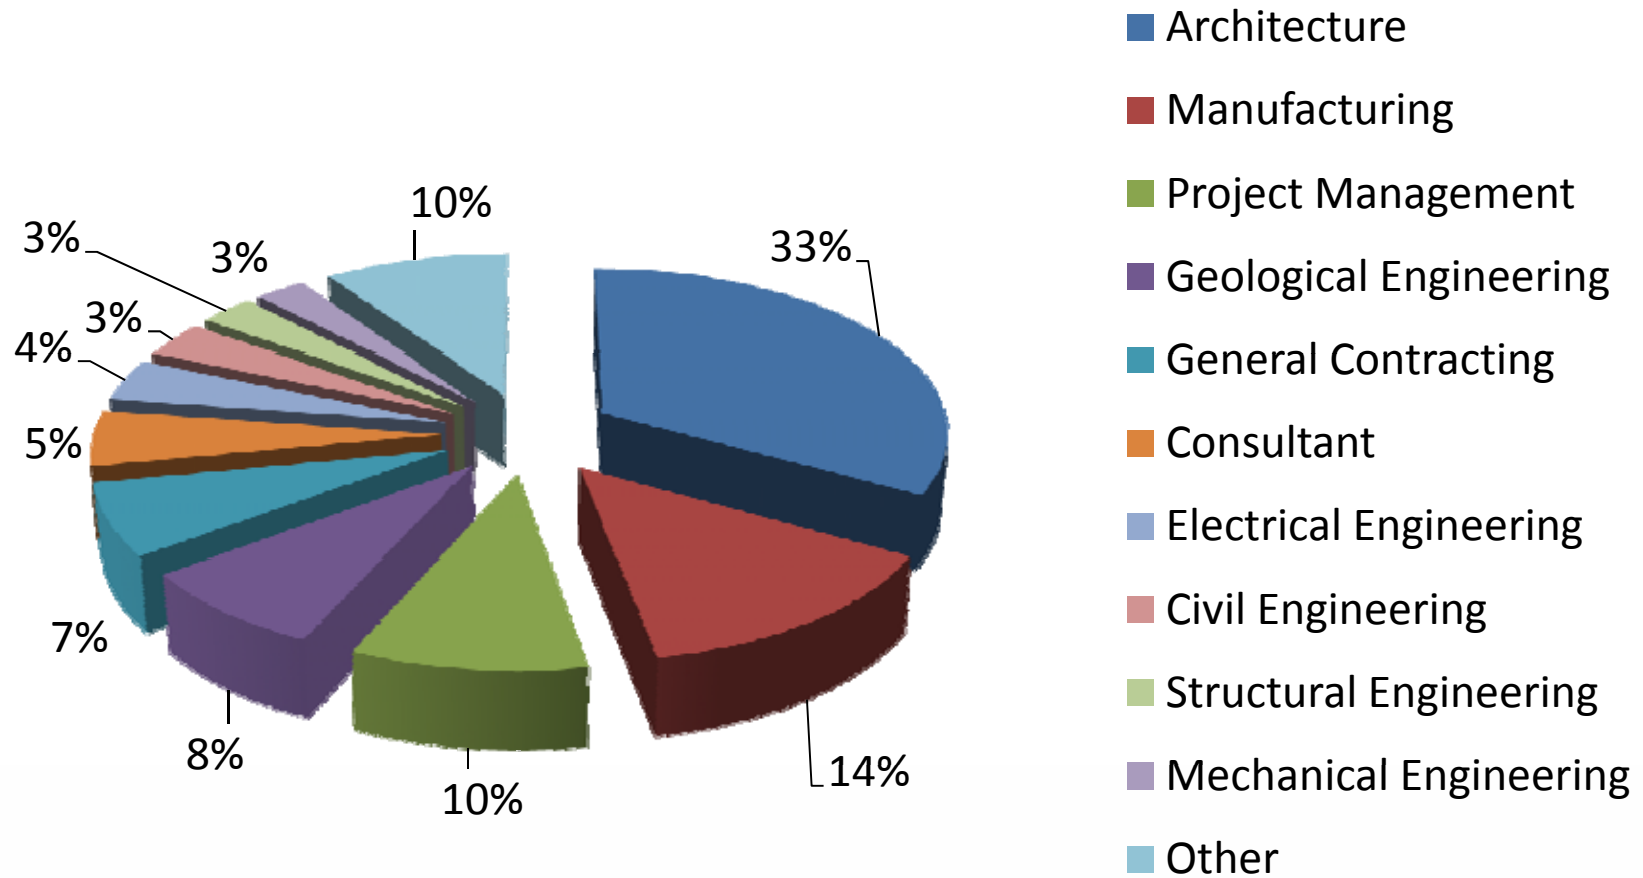

- LEED Accreditation in Canada
- Data migration
- Credentialing Maintenance in Canada

Canadian LEED AP's

LEED AP's by Sector

CaGBC Vision / Mission

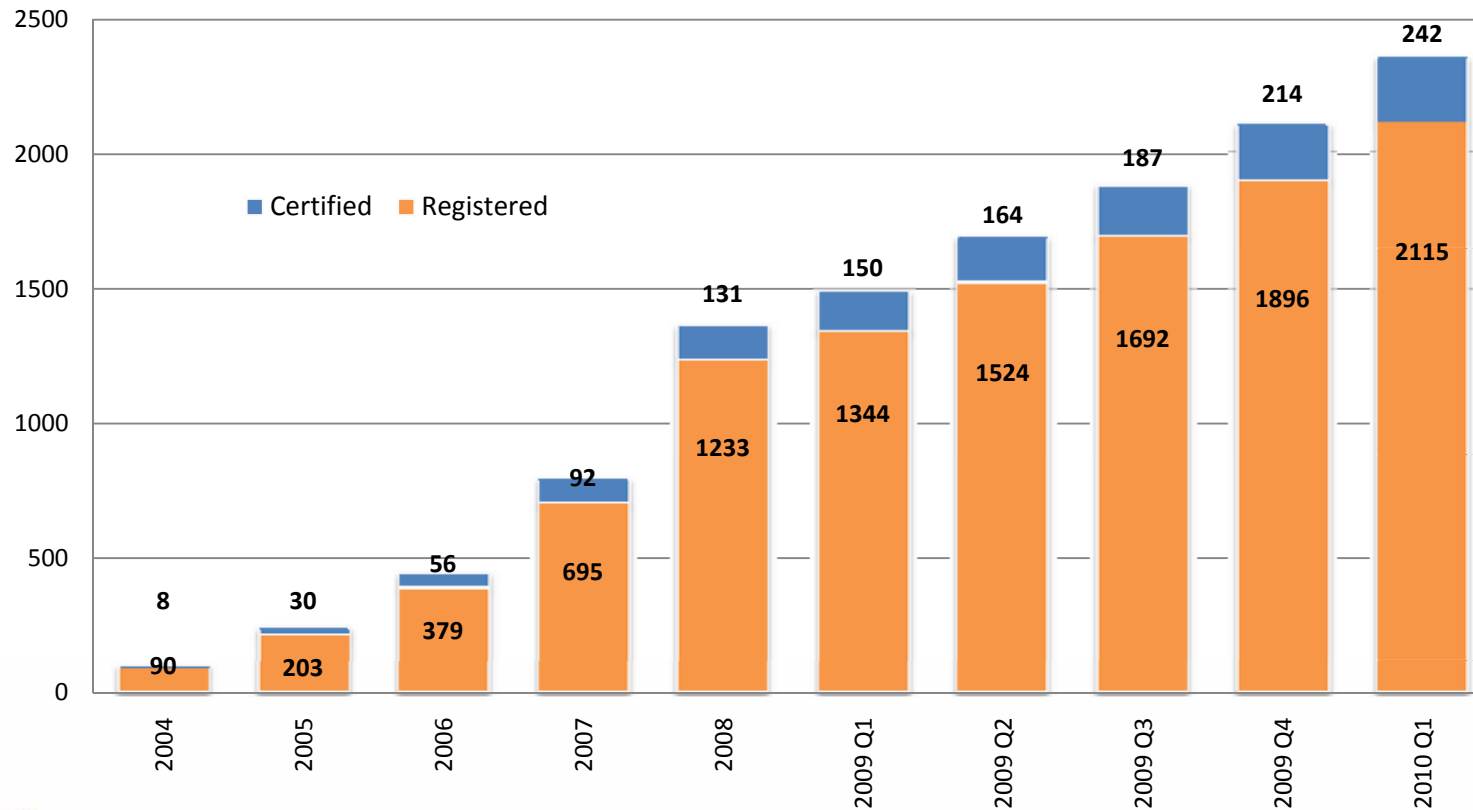

Vision: A transformed built environment leading to a sustainable future

Mission: Lead and accelerate the transformation to high-performing, healthy green buildings, homes and communities throughout Canada

What have you achieved?

LEED® Project Registrations & Certifications

The Great Migration...

- Deadline to Opt In / Out of migration was May 14th
- Directory to GBCI end of May
- GBCI will email you directly to create profile and Opt in to CMP

What about the CaGBC?

- Focus on developing skills, knowledge and abilities of practitioners in Canada through training that:
 - Meets your Credential Maintenance needs, i.e. 30 hrs of prescriptive education
 - Meets your LEED Specific Requirements
 - Prepares you for a LEED credential
 - Supports broader green building objectives
- Provide clear information to practitioners
- Deliver training with industry partners

Credential Maintenance & Continuing Education (CE) Hours

Training available today:

- LEED Core Concepts & Strategies – 7 CE hours
- LEED Canada EB:O+M Tech Review – 7 CE hours
- **LEED Canada NC 2009 Tech Review – 7 CE hours (LEED Specific)**
- CaGBC Conference – 6 CE hours
- Living Building Challenge – 7 CE hours
- The Contractor's Toolbox (CCA) - 7 CE hours

- LEED Documentation – in review
- LEED for Homes – in review
- Retroactive to January 1st 2010

Credential Maintenance

Training available autumn 2010

- LEED Green Associate study course
- 20+ hours of online 'prescriptive education'
 - Site selection
 - Water Management
 - Project Systems & Energy Impacts
 - Acquisitions, installations and management of project materials
 - Indoor environment
 - Stakeholder involvement in innovation
 - Project surroundings and public outreach

Want to earn a LEED Credential? If yes [click here](#).

Important information about the CaGBC / GBCI exam transition.

Please note that the CaGBC and GBCI are currently working to transition Canadian LEED AP's into the new GBCI LEED Professional Directory, and to provide them with an opportunity to upgrade their credential to become a LEED AP with Specialty. This will be completed in 2 steps.

Step 1. Data Migration

The CaGBC will be sending your LEED AP information to the GBCI in May. If you do not want your information sent to the GBCI you must complete the form below by the 14th May. By opting out, however, your information will no longer appear in any LEED AP Directory, you will not have the opportunity to become a LEED AP with specialty, and you will not be able to enrol in the credential maintenance program. All LEED AP's in the Directory will be emailed the letter below to the email address in the LEED AP Directory.

[Email sent to LEED AP's in the LEED AP Directory](#)

[Email sent to LEED AP's that Opted out of the LEED AP Directory](#)

[Opt Out Form](#)

Step 2. GBCI Enrolment

Following the migration of the LEED AP database to the GBCI, you will be contacted directly by the GBCI to enrol in the LEED AP credential maintenance program, and become a LEED AP with specialty. This should occur in June. Please see the following information for more information about this process, and what it means to Canadian LEED AP's.
